

Spring is here – and so is Pegasys Recertification 2013!

Don't let Pegasys Recertification spring up on you! It's right around the corner.

*Time to spring
forward – into
Pegasys
Recertification!*

You will be receiving information from the Office of Financial and HR IT Services in **mid-May** about how to recertify your Pegasys account.

This process is for **ALL** Pegasys account holders – whether you use Pegasys daily, once a year or never even log in – you still have to recertify!
