

Pegasys Tips

It's one of
my
favorite
things!

Have you used your Favorites icon today?

Did you know you can save information such as Vendor Codes, Aliases, User ID's, and so much more? Wherever you find this icon  information can be saved (no more searching!).

Go to: <http://pegasys.gsa.gov/ref/howto.htm>
and click on "Creating Favorites" under Features.
